

Medix Biochemica

Dear Valued Customer,

Since the acquisition of ViroStat LLC. by Medix Biochemica, we have been focusing on the full integration of this company to improve our customer experience.

As previously communicated on May 9, 2024, effective October 1, 2024, and as part of our integration process, we will be making some changes to order processes and branding that will apply to all ViroStat portfolio products. In addition, we will be making an update to the item catalogue numbers for the ViroStat product range.

This change applies to all ViroStat products, Certificates of Analysis, product specifications, and product labelling.

What is in scope of the change?

Document Parameter	Current ViroStat Document	New Medix Biochemica Document
Catalogue / Item Number Bulk item (≥1mg/mL concentration)	Item No: 1234	Item No: V1234
Catalogue / Item Number Sample / research item (100µg/mL concentration)	Item No: 1234	Item No: V1234S
Product Description Product type	<i>MonoTope / OmniTope / MabyRab</i> product descriptions	Not included / used on new documents
Product Description Antibody abbreviation	Aby	Anti
Logo		

What is not changing?

- Document statements for the products will remain the same as previously provided.
- Shelf-life or expiration date of the products will not change.
- The brand name changes do not affect the form, function, validation methods, testing methods or release criteria of our products.
- The manufacturing process, manufacturing entity or the level of quality of product or service provided will not change.

Please visit the following [web page](#) where you can download examples of the new documents.

PLEASE NOTE THESE CHANGES WILL BE EFFECTIVE OCTOBER 1, 2024

We remain committed to providing you with the highest quality products and services, to help you increase your efficiency.

Should you have additional questions, comments or concerns please contact your Medix Biochemica representative or email Medix@medixbiochemica.com.

Sincerely,

Kevin Doss

Quality & Regulatory Affairs Director
